EDUCATION

08.18 | **BACHELOR OF ARCHITECTURE** (NASAD & NAAB Accredited)

Dean's Distinction List | 3.7/4.0 GPA
05.23 | Lebanese American University, Byblos, Lebanon

Achievements

Featured Design work in the NASAD Accreditation Exhibition | Awarded the honor scholarship for all consecutive terms | Featured work in the semester-based SARD Exhibition | Placed on the Dean List for Outstanding Scholastic Standing.

01.22 | **BACHELOR OF ARCHITECTURE** (Study Abroad Program)

Dean's Distinction List | 3.8/4.0 GPA
05.22 | Kent State University, Ohio, USA

Achievements

Nominated for a Scholarship for an exchange semester abroad | Placed on the Dean List for Outstanding Scholastic Standing.

EXPERIENCE

08.23 | **DYNAMIC SOLUTION CO | Project Architect**

Design & Consultancy | Kuwait

Led office and retail space design, including restaurants and car showrooms, focusing on layout efficiency, furniture, and facade studies.
Designed interactive exhibition booths, stage and experiential design for major brands, using computational design with Grasshopper.
Oversaw 3d modeling, slicing, and 3d printing process for 3D-printed products.
Attended workshops and research initiatives, exploring new design methods and staying updated on business and management trends.

01.22 | **SELF-EMPLOYED | Design Architect**

Architecture & Design | Hybrid

Designed the Rings of Mars | Ring 4000 for Marsception (Top 50) | using AI-driven workflows, Rhino & V-Ray for visualization.
Engaged in workshops on computational design, AI & Emerging Technologies, contributing to research in architecture.

08.23 | **SOMA | Design Architect**

07.24 | Architecture & Planning | Beirut | Dubai

Verve | City Walk | Concept Phase | Led design & facade studies in Rhino & Grasshopper | Developed BIM model for floorplans and interiors.
District O | Business Bay | Pre-Concept & Concept Phases | Massing studies and design exploration | Created a BIM model for the master plan | Coordinated Documentation.
Enara | Business Bay | Pre-Concept Phase | Massing studies, design exploration, diagrams | Transitioned to BIM for further development and documentation.
Saria | Dubai Maritime City | Pre-Concept to Design Development | Parametric facade studies & iterations | Developed a BIM model, LOD , for documentation and execution.

06.23 | **BIM INTERNATIONAL | Bim Modeler**

08.23 | Architecture & Planning | Beirut

Developed a detailed LOD 300 standard BIM model for "Hotel Norman's Cay - Villas", a hospitality project in the Bahamas, collaborating with a diverse team of engineers, structural architects, and interior designers | Modeled & edited furniture elements, parametric families and shop drawings to suit the project specifications.

06.22 | **JEMMA CHIDIAC ARCHITECTS | Architectural Intern**

08.22 | Architecture & Planning | Beirut

Designed the "Moujassam Watan Competition Entry" in Khobar, KSA, collaborating with other team members from conceptualizing of ideas to a fully visualized proposal. Wrote the Fourth Cycle Short Listed Technical Report for the Abdullatif Al Fozan Award for Mosque Architecture by CEBRA Architects on Mussallah Gasr Al Hosn.
